Rejections based on 35 U.S.C. 112, second paragraph

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 17-21, 23 and 31-46 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 17, the preamble indicates that a "support material" is being claimed, but the body of the claim only positively recites an "additive" that is to be added to the "support material." It is unclear if applicant's claims are directed to the combination of a support material and diagnostic additive or simply the "diagnostically useful additive."

In claim 37, there is no antecedent basis for "the image."

In claim 46, it is unclear how the claimed method is "for producing a diagnostic image" when there are no imaging steps set forth.

Allowable Subject Matter

Claims 24-30 are allowed.

Claims 17-23 and 31-46 would be allowable if rewritten to overcome the rejection based on 35 U.S.C. 112, second paragraph.

Prior Art

Applicant's information disclosure statement of February 08, 2002 has been considered and an initialed copy enclosed herewith.

Action Made Final

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
